

A red sports car is parked inside a garage. The garage door is a closed, silver-colored roller shutter door with horizontal slats. The garage is set into a wall made of stacked stones. The car is positioned in the center of the frame, and the text "PUT SOMETHING BETTER IN THE GARAGE" is overlaid on the image in white, bold, sans-serif capital letters.

PUT SOMETHING BETTER IN THE GARAGE

GARAGE DOORS, COMMERCIAL GATES AND ROLLER SHUTTER SYSTEMS

THAT'S
BETTER

WE KNOW GARAGE DOORS, COMMERCIAL GATES AND ROLLER SHUTTER SYSTEMS INSIDE-OUT

THAT'S WHY YOU'RE BETTER OFF WITH ALUPROF

Garage doors, commercial gates and roller shutter systems have been an ALUPROF specialism from the very start.

You won't find a supplier with a more in-depth capability in this sector.

ALUPROF deliver the whole concept – profiles, mechanisms, finishes, it's all designed and refined by us. And we handle all the manufacturing too. So what you get is a totally coherent, high quality result at a price you can really work with.

With ALUPROF it's always been an open and shut case of outstanding design and exceptional value.

ROLLING OUT

ACROSS THE UK

GARAGE DOORS

ALUPROF garage doors have been proving themselves in service for decades. Robust design, faultless operation and inherent security are all standard features.

- Space saving design is ideal for short driveways and on-street access
- Heavy duty materials and mechanisms make for year-in, year-out security
- Enhanced thermal and acoustic insulation is ideal for integral garages

COMMERCIAL GATES

With the ever-present threat of break-ins hanging over UK businesses, it's good to know that ALUPROF Commercial Gates deliver a level of security that's tough to beat.

- Tamper-proof locks and mechanisms
- Heavy duty gauge aluminium for added protection
- Proven design in terms of security and longterm operation

INDUSTRIAL GATES

When security on an industrial scale is crucial, ALUPROF is the seriously strong option. Our design has been developed from scratch with optimum security in mind, so you can shut crime out of your premises for good.

- Achieve ultimate security through smart design and robust engineering
- Every element manufactured to ALUPROF's 'if it's not tough, it's not good enough' quality benchmark

ROLLER SHUTTERS

ALUPROF Roller Shutters offer the perfect security solution for homes and offices. They're the ideal way to create instant security in a smart but unobtrusive way.

- Discrete box and frame design to suit new and period properties
- Large range of colours available
- Tamper-proof design
- Added sound and thermal installation

STANDING THE TEST OF TIME

A CLASSIC CASE OF COMPLETE CONTROL

WE'VE ALWAYS BEEN DRIVEN BY DOING IT ALL

ALUPROF have been around for a good few years now. Much has changed, but our belief in controlling the whole process for dependability's sake remains constant.

We make the aluminium extrusions, we form the profiles, we apply the finishes. Then we distribute and deliver via our own dedicated UK and Eire logistics division.

So in effect, we don't just deliver product. Every time ALUPROF arrives at your premises, dependability, quality, expertise and cost control are all part of the package. Guaranteed.

Customer satisfaction, delivered by
ALUPROF.

Any
colourway
you want

Throughout Eire, the UK and
mainland Europe, ALUPROF
deliver dependability.

SECURITY MATTERS

SAFE AND SECURE IN MORE WAYS THAN ONE

WE BELIEVE IN PROTECTING BOTH PROPERTY AND YOUR BUSINESS

Our roller shutter and garage systems are all about providing unbeatable security, whether it's in the domestic environment or commercial premises.

So with ALUPROF you can expect advanced anti break-in features that add up to total security, meeting or exceeding recognized standards.

But that's just half the story:

- ALUPROF is a major, well established and dependable European company
- We have the scale and attitude to provide exceptional service in terms of sales and technical support
- Complete production and logistics control equals utterly reliable quality and lead times

If you want to protect your customers and secure your margins, you're better off with ALUPROF.

Your customers and your business are in the safest of hands with ALUPROF.

THERE'S A GREAT DEAL BEHIND
OUR DOORS

Everything about ALUPROF design and manufacture is governed by a long term quality commitment.

Security and day-in, day-out durability are standard ALUPROF features.

BUILT TO HANDLE THE TOUGHEST CHALLENGES

**WITH ALUPROF YOU'RE ARMED
WITH TOTAL DURABILITY**

The legendary toughness of ALUPROF is down to the fact that we're 100% committed to quality.

Where other manufacturers might be tempted to skimp on profile thicknesses, we will always insist on using the gauge that provides truly long lasting durability. Our design ethos follows the same track; if it's not tough, it's not good enough.

And because we control the entire production process, there are no third party variables to dilute this exacting quality commitment.

FIRST CLASS DELIVERY

REVVED AND READY IN THE UK AND EIRE

OUR COMPREHENSIVE SERVICE WON'T KEEP YOU WAITING

ALUPROF have made a conscious decision not to outsource our logistics.

We firmly believe a third party delivery operator can never offer the consistency of being completely integrated with the production process. As a consequence your order is turned around faster, so you can react more quickly to your market demands.

Our sales and technical support is also locally-based, so we understand your markets and the challenges you face. Specifications, production process advice, or simple things like offering full or half truck deliveries – it's all here for you, right on the doorstep.

Wherever you are, ALUPROF
are never far away.

- Centralised warehousing for fast reaction delivery
- Our own truck fleet for consistent service in Eire and the UK
- Constant availability of stock – we won't keep you waiting
- Sales and technical support on your doorstep
